### **Computerworld Honors Enlists HCL Chairman and CEO to Chairmen's Committee**

Computerworld Honors Program 2007

FRAMINGHAM, Mass.--(BUSINESS WIRE)--Bob Carrigan, Chairman of the Computerworld Honors Program Chairmen's Committee and President of IDG Communications, has announced that Shiv Nadar, Chairman and Chief Executive Officer of HCL Technologies, has joined its prestigious Chairmen's Committee.

Comprised of an elite group of top technology executives, the committee strives to recognize IT companies that have leveraged technology through the betterment of society.

"Shiv Nadar and other members of the Chairmen's Committee are chosen for their unmatched awareness of how technology can be implemented to achieve the organization's greater goals," said Carrigan. "Nadar and his peers will be fundamental in helping to recognize those individuals that truly embody the spirit of the program."

The Computerworld Honors Program (<http://cwhonors.org>) unites Chairmen and CEOs of the world's foremost information technology companies to recognize the most outstanding user achievements in technology each year. The process culminates with an awards ceremony, which will take place on June 4, 2007, in Washington, D.C., with a guest list that represents a who's who in IT. The technology achievements honored by this program are preserved and protected in national archives, and in over 350 universities, museums and research institutions throughout the world.

"Every company, every leader in the global business community can learn from and be inspired by the organizations that are recognized by the Computerworld Honors Program each year," said Nadar. "This year, honorees are sure to set new standards for technology innovation and societal impact. HCL is proud and excited to be part of this important program."

As members of the Committee, Nadar and his peers will help to identify the organizations whose use of information technology has been especially noteworthy for the originality of its conception, the breadth of its vision and the significance of its benefit to society.

#### **About HCL**

HCL Technologies is one of India's leading global IT Services companies, providing software-led IT solutions, remote infrastructure management services and BPO. Having made a foray into the global IT landscape in 1999 after its IPO, HCL Technologies focuses on Transformational Outsourcing, working with clients in areas that impact and re-define the core of their business.

#### **About the Computerworld Honors Program**

Founded by International Data Group (IDG) in 1988, the Computerworld Honors Program is governed by the not-for-profit Computerworld Information Technology Awards Foundation. In its 19th year, Computerworld Honors is the longest running global program to honor individuals and organizations that use information technology to benefit society.

Each year, the program's Chairmen's Committee, a group of 100 Chairmen/CEOs of global

technology companies, nominates individuals and organizations around the world whose visionary application of information technology promotes positive social and economic progress. Nominations are evaluated by an independent board of CIO-level judges who select laureates, finalists and award winners, in 10 industry-related categories, to be honored at a Laureate Medal Ceremony. This year's ceremony and accompanying Gala Awards Program will take place on June 4, 2007, at the Andrew W. Mellon Auditorium in Washington, D.C.

The technology achievements honored by this program are preserved and protected in national archives, and in over 350 universities, museums and research institutions throughout the world. Additional information about the program and a Global Archive of past laureate case studies and oral histories can be found at the Computerworld Honors website: [www.cwhonors.org](http://www.cwhonors.org).
