- **Health - Child in Need Institute (CINI) (West Bengal)** - aims to enable economically disadvantaged women and children to take control of their lives and have a share in sustainable development. While their initial focus was on health and nutrition, they have now expanded this to also cover education and child protection.

MelJol seeks to develop children's citizenship skills by focusing on child rights and responsibilities and providing them with opportunities to contribute positively to the environment.

Ms. Robin Abrams, Chairperson of Jury, HCL Grant said, "HCL Grant is so much more than the fund itself. The mark of the strategic value of any grant is leverage. From the focus on governance and sustainability, sharing of best practices and how corporates and their employees can engage with NGOs – HCL Grant delivers on strategic value for the NGOs of India and for India's Fifth Estate. It is exciting to be a part of this kind of leverage."

HCL Grant, a CSR commitment by HCL through HCL Foundation, envisions to contribute to rural development by strengthening NGOs through deep institutional involvement and commitment. The

Grant stands testimony to the fact that only strong governance structures management capabilities and reliable impact measurement systems within NGOs can help them take up and sustain high impact, complex and social transformational projects.
